The frame of the card back matching the game's standard cards was taken from templates made available through Jon New of [Talisman Island](http://TalismanIsland.com) with the gracious assistance of [Fantasy Flight Games](http://FantasyFlightGames.com). All other aspects of the card template are the original design of J.C. Hendee and may not be (re)used in part or whole in any way other than for printing this material for personal home use.

Introduction

Though *In the Settlements* might be played unto itself, it is intended as an expansion pack for *Talisman Tales*, an autonomous story elements deck for *Talisman* 4ER. You will need that starter deck and its manual in order to understand how this deck operates along with some special rules for the various card types herein.

Questions and Errata

If you have any questions, or you discover something that seems amiss, please do feel free to submit them through the "Contact" page at FantasticDiversions.com. The basic rules are set and have been developed in conjunction with feedback from play testing by three international groups, but refinements can be addressed.
