

FANTASTIC DIVERSIONS

Read all instructions before proceeding. This PDF is intentionally undersized in dimensions to print cleanly on World A4 or USA Letter size.

Overview & Options:

Included is one graphics sheet that contains four player sets of token dice stickers for character attributes and resources:

- Strength
- Craft
- Lives
- Gold (x1 and x5)
- Fate (Light and Dark)

All dice are independent and do not require use of the others. Create individual token dice that you find useful. Some are numbered 0 to 6; use 0 to 5 or 1 to 6 as you prefer. Stickers are sized to fit either blank 19mm indented dice or cover the "pips" of standard 5/8" dice. The latter are available at department / drug stores as the less expensive option.

Tools & Materials:

- Craft Knife
- Cutting Mat
- Metal Ruler
- Adhesive blank sheets, unperforated
- 19mm blank indented dice or 5/8" standard dice; white.

Printing:

1. Open your printer's settings dialog and change the following (or similar):
 - Resize to fit:** off
 - Margins:** zero or full bleed
 - Position:** center
2. Do not print instructions unless needed.
3. Print a test of page 2 on plain white paper to test color output; adjust as needed in your printer's settings panel.
3. Print copies of Page 2 and 3 as needed on blank/white adhesive sheets.

Cutting:

1. Use craft knife and metal (edged) rule to lightly score several times between crop marks on opposing sides of the layout until there is a perceivable line. **NOTE:** Scoring all cuts before cutting through any helps you (re)find individual cuts as crop marks are lost in separating stickers.
2. Finish cuts along score lines. Let score grooves guide your blade. Start with outer cuts around the entire card layout. Keep sets of stickers together as you separate them to avoid mixing up which ones apply to one die.

Assembly:

1. Peel and apply sticker sets to standard 5/8" or 19mm blank dice.

Not for use in part or whole except as intended. Not for (re)distribution in part or whole except through Fantastic Diversions and/or authorized distribution points. See FantasticDiversions.com and its "shop" for further details. Please report all violations.
